Re: In re Moody's Corporation Securities Litigation,  
No. 07-cv-8375 (GBD)

Dear Judge Daniels:

On behalf of Defendant Moody's Corporation ("Moody's"), I write to respectfully request that Your Honor allow Moody's to employ certain presentation technology at the upcoming oral argument on class certification, scheduled for November 23, 2010 at 10:00 a.m., in the above-referenced action.

Moody's believes that the use of this presentation technology will aid the Court without disrupting the courtroom. The parties' class certification submissions are voluminous, but their central points can be quickly and concisely presented using portable audio-visual equipment and software.

Moody's has retained TrialGraphix to provide, set up and remove the equipment. I understand that TrialGraphix has extensive experience carrying out these functions in the Southern District of New York and elsewhere.

In the event that Your Honor approves this request, TrialGraphix will set up the necessary equipment on the morning of November 22, 2010, the day before the parties' oral argument. Because the equipment set-up can take several hours, there is a possibility that the TrialGraphix technicians would need to remain past regular business hours on November 22. Immediately following completion of the argument on

The Honorable George B. Daniels

-2-

November 23, or at such other time as Your Honor may direct, TrialGraphix would return to remove the equipment. Further details regarding the equipment and personnel involved is set out in the attached Schedule A. Additionally, we request that we be permitted to bring two laptops into the courtroom for the duration of the oral argument on November 23.

If Your Honor approves, please endorse the enclosed laptop order and the attached Schedule A. Copies of all of these papers are being provided simultaneously to the Clerk of the Court, together with any additional information the Clerk may require.

Respectfully submitted,

  
Penny Shane
